Global Governance

## Principles:

- For world peace and development
- Cooperate for win-win
- Harmony in diversity
- Encourage cross disciplinary cooperation
- To solve common issues of mankind

## Focus:

# Recent Progress of NJU

## New Impetus: Nanjing University-Suzhou Campus

**Orientation:** equal standard, differentiated development, innovation mechanism, and the international excellence

**"New Engineering"** with 5 disciplinary clusters:

- Chemical and biological medicine
- Materials energy and engineering
- Electronics and information
- Earth system and environment
- Humanities and society

- *An innovative graduate school*
- *A number of first-class technology research and development platforms and industrial innovation bases*
- *Contributes to build NJU into a world-leading university in the years to come*

Groundbreaking ceremony of Nanjing University-Suzhou Campus

# Recent Progress of NJU Global Network: Extension

南京大學  
NANJING UNIVERSITY

- **Initiation and participation in 13 international university organizations**  
'International Universities Climate Alliance' jointly initiated by NJU in 2020
- **Cooperation with universities under the 'Belt and Road' Initiative:**  
31 universities from 11 countries, such as Universidad Católica de Chile.
