Internationalisation at Windesheim

- Erasmus+ - 2021-2027
 - Student & Staff Mobility (also blended/virtual)
 - Environmental friendly practices
 - Inclusiveness
 - Civic Engagement
- New Internationalisation Strategy
 - Purposeful Perspectives
 - Intelligent Internationalisation
 - Intercultural Competences

Internationalisation becomes a Win-Win(desheim)
for all stakeholders

Intelligent Internationalisation

Intelligent Internationalization, Hans de Wit, Kara A. Godwin, 2019

Now & Then

- Many partners
 - No real datamanagement
 - Collaboration mostly through mobility
 - International activities for happy few
- Towards stronger datamanagement
 - More than just mobility
 - COIL / Virtual Exchange
 - Include regional stakeholders
 - Internationalisation4all

Connecting the dots

- Students – competences, satisfaction, WISE
- Faculty – mobility, competences
- (Co)Curriculum – ICOM, online/blended
- Services – datamanagement, housing
- Positioning – active collaboration with regional stakeholders
- Applied Research – strengthen ties to partners

Examples at Windesheim

ICOM

- Flemish framework for international and intercultural competences
- Integration into learning outcomes of every study programme
- Giving curriculum an active international / intercultural dimension

WISE

- From project to structural
- All outgoing exchange students (and more)
- 3EC module
- Additional outcome: common language

Concluding:

Partnerships and exchange will essentially become more complex, but will enable larger groups of students and faculty to engage in international & intercultural practices
